

Sustainability Policy

- We are socially and environmentally responsible and economically viable
- All our actions are safe for us, our neighbors, contractors, customers and the environment
- We act responsibly in society and respect human rights wherever we operate
- We provide our customers with solutions that help tackle sustainability issues such as global climate change and improve local air quality
- We are committed to engaging with our stakeholders and participating in multi-stakeholder initiatives to help develop more sustainable solutions
- We use natural resources responsibly and are actively working towards a more sustainable resource and energy efficient supply chain
