1	Rimbunan Hijau	Not in supply chain, but part of indirect supplier parent company group (Rimbunan Hijau -> Olenex)	Rimbunan Hijau	Global Witness (GW)	[MONITORING] 7 October 2021: GW released a public report titled 'The True Price of Palm Oil'. The allegations on RH in this report are largely similar to the letter that was sent to Wilmar's customers in July 2021. The report, however, contains additional information related to RH's health and safety practices. Our supplier, Wilmar, continues to monitor and investigate the remaining issues related to worker PPE Provision and RH's safety and health practices, and will guide RH towards resolution of this case. More info can be found here: https://www.wilmar-international.com/sustainability/grievance-procedure July 2021: A letter was sent to Wilmar's customers from the NGO Global Witness (GW), alleging environmental and social non-compliance incidents by Rimbunan Hijau (RH). A summary of the allegations in the letter were as follows: - Environmental degradation and deforestation activities; - Violence and harassment against community members, through local police; - Lack of Free, Prior, Informed Consent (FPIC) prior to development of land; - Decent accommodation and facility for employees living in company housing; and - Workers' health and safety. Wilmar immediately reached out to RH for clarification on the issues raised by GW, and has been actively engaging with the company since. RH has rebutted the allegations and provided us with all relevant documents which include: - A field visit report by an independent consultant; - Evidence of engagements between RH and GW since 2017; - Landowner consent forms to ascertain FPIC and identify cultural sites that require protection; - Voluntarily written statements by a landowner, contents of which were further corroborated by a statement given by a local ward councillor; - Correspondence between Gilford Ltd and the Royal Papua New Guinea (PNG) Constabulary; - Board meeting minutes by landowner companies; and - A mediated agreement between Gilford Ltd and a landowner com

2	Sime Darby	Indirect Supplier	Sime Darby	U.S. Customs & Border Protection (CBP)	by the PNG National Court. [CLOSED] February 2023: The U.S. Customs and Border Protection has determined that products from Sime Darby Plantation are no longer produced with the use of forced labor (See Notice of Federal Register and Withhold Release Orders and Findings). Following the announcement, Neste has lifted the suspension of Sime Darby Plantation, its subsidiaries, joint ventures and affiliated entities. December 2022: The RSPO Secretariat has completed its independent on-ground verification assessment of Sime Darby Plantation Berhad certified operations in Malaysia. The announcement from RSPO as well as the detailed findings of the assessment can be found on the RSPO's website. Following the conclusions from the RSPO, Sime Darby announced its submission of action plans on the findings to RSPO (Refer to Sime Darby's press release and public updates). 15 February 2022: Sime Darby announced several changes and improvements to its governance structures, policies and procedures, with the primary goal of ensuring the wellbeing of its workers. Towards this end, Sime Darby will reimburse recruitment fees to its foreign workers for costs they had incurred to secure employment with Sime Darby. Sime Darby has also established an improved Responsible Recruitment Procedure and implemented new processes to enable better dialogue with its workers. Press release of Sime Darby on 15 February 2022: https://simedarbyplantation.com/sime-darby-plantation-institutes-sweeping-changes-in-governance-and-operations/
					December 2021: Sime Darby appointed Impactt Ltd as a third-party assessor to conduct a comprehensive evaluation of the group's labor practices across its Malaysian operations. Target by early 2022.
					Neste continues to monitor for developments on whether Liberty Shared and US CBP are willing to share information to be able to move forward. RSPO investigation result is another key development to observe.
					1 March 2021: Established an expert Stakeholder Human Rights Assessment Commission and appointed Impactt Ltd as a third-party assessor to conduct a comprehensive evaluation of the group's labour practices across its Malaysian operations.

		25 November 2020: The Complainants have provided their response on the
		difference on the hectarage clearance. Pending confirmation from the GIS team.
		October 2020: Case is currently being handled by the RSPO Complaints Panel. The Secretariat is waiting for a response from the Respondent on the

					issues pertaining land clearing and the final remark from the GIS team.
					April 2020: The key points of GAR's response to the FPP complaints to the RSPO are as follows:
					1. Allegation that GAR failed to secure necessary permits for eight (8) concessions in Central Kalimantan: the complex issue of obtaining permits in Indonesia affects all companies and is not peculiar to GAR. It is also a well-known issue to stakeholders including the RSPO. GAR has submitted evidence of the various legal changes that have occurred over the years re the allocation and designation of land for palm oil plantations. Through all the legislative changes, GAR and its subsidiaries have complied with the applicable and valid regulations at the time and have therefore been operating legally 2. Allegation that GAR and its subsidiaries failed to comply with RSPO New Planting Procedures: this is factually incorrect and without basis. GAR has submitted a list of documents verified by the RSPO certification body and submitted to the RSPO in 2014. In addition, GAR highlighted that the only new planting since 2014 has been to fulfil plasma development for the community. In this, GAR has also filed all the necessary documentation for the plasma development. 3. Allegation of unethical behaviour by GAR: the claims by FPP are factually incorrect. Since October 2018 when the corruption case was instigated GAR and its subsidiary PT BAP have been transparent about the case, the fact that the individuals in question acted of their own accord and in breach of the company's Code of Conduct. This was proven in the decision of the Jakarta Corruption Court which also ruled that the incident reflected the actions of a few individuals in breach of Government Regulations as well as GAR's own Code of Conduct. Neither GAR nor PT BAP were parties to the case. Therefore, claims that either company acted unethically are without basis.
					GAR awaits the deliberation of the Complaints Panel and hopes that there will be a swift closure of this matter.
					March 19: GAR acknowledges the findings of the Jakarta Corruption Court in the matter of three executives of PT Binasawit Abadipratama accused of bribery of government officials and hopes that this now draws a line under this unfortunate and regrettable incident.
4	PKPP Plantation Sdn Bhd	Indirect raw material via Wilmar, KLK & IOI	LKPP Corporation Sdn Bhd	Mighty Earth Rapid Response Report	[MONITORING] December 2022: With regards to the deforestation issue raised in the ME RRR#30, IOI responded to us that the management of LKPP

	,
	advised them to liaise directly with the management of PKPP because LKPP had clarified that LKPP and PKPP are different entities. In November 2022, IOI received another case report on PKPP where the report alleged non-compliant land development within the concession of PKPP. IOI engaged with PKPP by sharing the case report and a proposal on the Recovery Plan. IOI informed us that PKPP is currently investigating the case. More information can be found on IOI's website.
	April 2022: IOI, together with its external consultant, visited LKPP Corporation on 12 and 13 April 2022. The physical engagement covered topics like ethical recruitment, forced labor issues, workers' accommodation and employment contract.
	January 2022: Our direct supplier, IOI continued to engage with LKPP to support their transformation to responsibly produced palm oil. The engagements were carried out remotely as physical engagements remained challenging during Covid-19. Capacity building, interview sessions, documentation reviews and discussion on NDPE topics were part of the engagements and are still ongoing. Please refer to IOI's grievance update for more information.
	July 2021: As part of the implementation of their NDPE policy, IOI together with external consultants are reviewing LKPP's labour practices to check on Recruitment procedures, working hours, minimum wages, working conditions, employment contracts, grievance mechanism to counter and increase awareness on Forced Labour. This review is spread over 3 stages and is targeted to be completed in 6 months.
	April 2021: IOI will be conducting remote engagements and activities with LKPP on traceability, no deforestation and no exploitation to support the delivery of their NDPE Commitments commencing June 2021.
	January 2021: The NDPE policy has been shared and is available here.
	KLK made reference to the engagement of trading partner with Tuan Haji Roslan, Director of PKPP Agro:
	November 2020: a. PKPP has agreed to put a stop to all land clearing activity at Ladang Cherating concession. b. The PKPP management has set aside two land banks located at Lipis,

					Pahang (426 ha) and Pekan, Pahang (130 ha) for its recovery plan. c. A group-wide NDPE policy is in the pipeline, pending for written resolution by the Board of Directors of PKPP. d. A full implementation of NDPE policy is expected to be done latest by 1 Jan 2021. November 2020: IOI updated that they are in discussions with PKPP management in developing NDPE Policy, commitment and implementation plans towards protection of conservation areas moving forward. Aug 2020: Engaged with our direct supplier, IOI, whom contacted LKPP for clarification about PKPP. LKKP has verified and replied that PKPP is a company under the same Parent group - PKNP - but there are no commercial connections. LKPP does not source FFB from PKPP.

No further information about CBP's findings including nature or locations of any incidence were disclosed.
6	GAR	Direct supplier	GAR	Mongabay. BBC The Gecko Project	[MONITORING] May 2022: An investigation conducted by The Gecko Project, BBC News and Mongabay reported that palm oil producers are failing to comply with legal obligations requiring them to share their plantations with communities. Neste is aware of the complex issues related to smallholder plasma in Indonesia. We have reached out to GAR to understand the allegation raised in the report. In responding to the report of Gecko Project, GAR had issued advisories outlining the process of plasma implementation in Indonesia and its challenges associated with plasma fulfilment as well as its good practices in mitigating the risks and its commitment towards fulfilling its outstanding plasma obligations. We will continue to engage with our supplier and to monitor their plasma development progress while at the same time, we continue to support smallholders projects to build the capacity and awareness of smallholders as we recognise that smallholders development is a key to more sustainable development of palm oil. Since 2018, we have collaborated with several global brands, palm oil companies as well as non-governmental agencies to aim for a large-scale transformative sustainability impact in the Siak and Pelalawan regions in Indonesia, known as the Siak Pelalawan Landscape Programme (SPLP). The Siak and Pelalawan regions are home to more than 200 villages, with districts spreading over 2 million hectares. The program has helped protect forests, peat and biodiversity and support sustainability performance of smallholder farmers. The project kick-started with village-level engagements by identifying key sustainability related issues at the villages and capacity building of village facilitators. Various training on best management practices - including fire management and good agricultural practices were conducted. Read more about the project on Neste's website and the stories from the field on SPLP's website.

May 2022: STA informed Neste's direct suppliers that STA occasionally sourced FFB from SSS and in response to Mighty Earth Rapid Response Report #39, STA has ceased sourcing from SSS while they are investigating the allegations. With regards to TW, ASL and PML, Neste's direct supplier has engaged with the three mills companies and these companies informed that they have no linkage to USU and SSS, the two companies alleged to have been involved in deforestation.
8 Runding Putra Persada	GAR, Musim Mas	PT Runding Putra Persada (RPP)	Rainforest Action Network	[MONITORING] December 2022: GAR and Wilmar conducted a field verification against PT RPP and its supply chain, CV Buana Indah and a smallholder farmer on 15 November 2022. GAR informed us about the findings and has updated the field verification report on their grievance log, outlining the detailed findings and time-bound action plans to ensure supply from PT RPP is in accordance with NDPE commitments and policies. The action plans include requirements for PT RPP to improve its traceability system and due diligence mechanism for prospective suppliers, and requirements to engage with its suppliers, Mr Mahmudin and CV Buana Indah, to address the findings within given time frames. Mr Mahmudin is required to release four hectares of land within the SMRS area to the authorities with supporting evidence, and CV Buana Indah is required to provide a list of all supplying farmers including the farmer's name, address, farm size, spatial coordinates and status of land rights. These plans will be subject to audit / verification. At the same time, GAR and Wilmar will provide support and assistance to PR RPP to build the capacity of PT RPP team and the farmers in its supply chain. See detailed information in GAR's field verification report. October 2022: Our direct suppliers informed us about the report and we are following up the progress of investigation closely. Our suppliers engaged with PT RPP following the report from RAN. Their preliminary findings revealed that Mr. Mahmudin's farm has a valid land ownership certificate (Sertifikat Hak Milik, SHM) and the area as indicated in the copy of SHM did not overlap with the Rawa Singkil Wildlife Reserve (SMRS). See detailed findings on our direct suppliers' website: GAR and Musim Mas. GAR and PT RPP had a meeting to discuss the case further and it was agreed that GAR will conduct onsite verification on 7 November 2022 to better understand the case. One of the purposes of the visit is to verify that Pak
